

DIY Team Building

Organising a team building event for your organisation? Sometimes taking a team away from the day-to-day business helps to improve team communication and collaboration. An outside facilitator can deliver your teambuilding session, or you can do it yourself. Doing it yourself is fun, economical and it builds their leadership profile.

In this in-house team building training workshop will give your leaders many ideas, formats, practical tips and templates to create their own team building sessions, whether on-site or off-site. We will show managers how to analyse their team to choose the best team building solution. Leaders will learn to confidently organise and deliver a smooth and successful team building event.

This DIY team building course is aimed at Managers and Team Leaders who don't want to be dependent on an external facilitator for team building.
